

EDITING AN EXISTING SONG

Intro

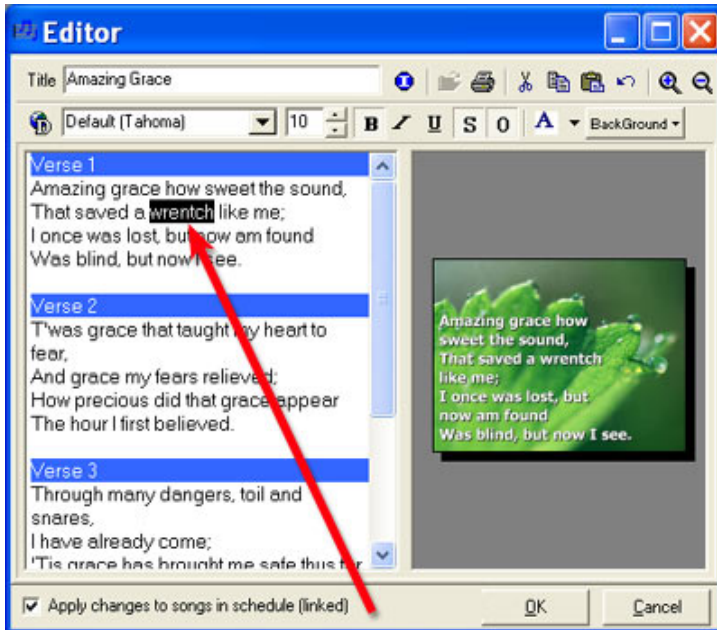

This tutorial explains how to manually edit a song in your EasyWorship Songs Database.

Step 1

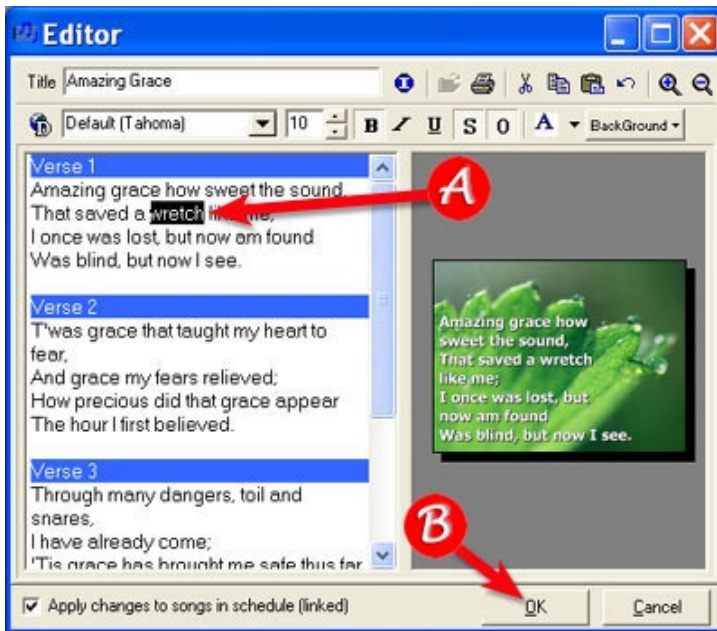

Open EasyWorship. From the **Songs** drop-down menu choose **Edit Song in Database**.

EDITING AN EXISTING SONG

Step 2

Once **Editor** opens up, locate mistakes/text changes you wish to correct.

Step 3

A

Fix the mistake.

B

Click **OK** to save the changes to the song in the song database.
