

MANAGING EASYWORSHIP MEDIA

Intro

This tutorial will show you how to view your image files, so you can put them into your church presentations.

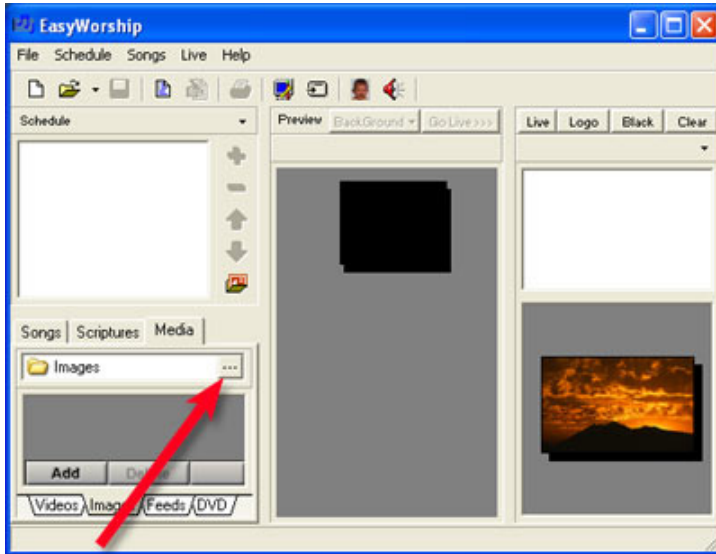

Note: To learn how to put the images that you have purchased from ImageVine into EasyWorship go to the tutorial titled **Folder Organization**.

Step 1

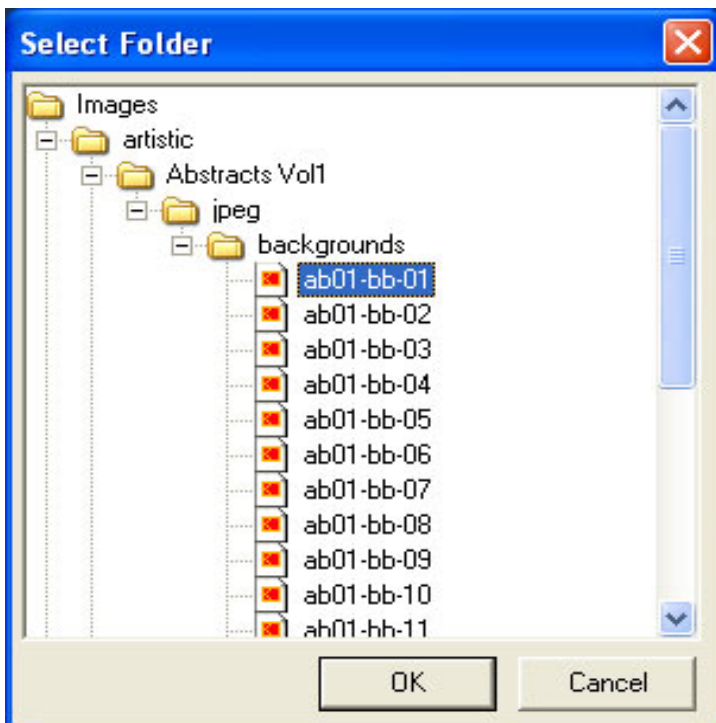

Open EasyWorship and click on the **Image** button in the **Media** tab.

MANAGING EASYWORSHIP MEDIA

Step 2

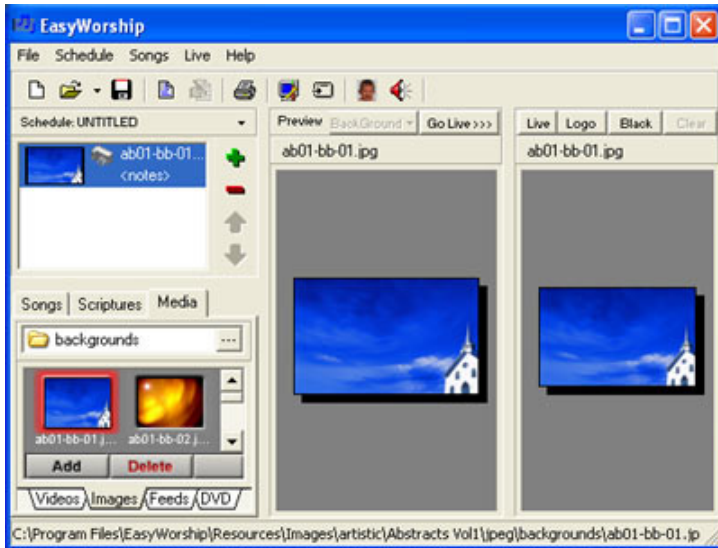

Click on button ... to view your image folders.

Step 3

Browse through the folders until you get to your image folders, select one and then click **OK**.

MANAGING EASYWORSHIP MEDIA

Step 4

Once you have added the images to your schedule, you can click on **Go Live** then **Live** to view the image live on screen.
